

Information for current students:

Subject Pool Administrator: psych-subjects@illinois.edu

If you have ALREADY REGISTERED on SONA (<https://uiuc.sona-systems.com/Default.aspx?ReturnUrl=%2f>) at any time after Aug 29th, 2015, please use your existing username and password.

If you DO NOT have a user account on SONA, please register ASAP to become a subject pool participant/member and complete the prescreening questionnaire.

When you register you **MUST** use your **U of I email address**; an alternative address will not be accepted. **Please enter this carefully**, as it's easy to make a mistake when entering this address, and if there is a mistake your registration will not be completed.

Your password will be sent to your email address within 24 hours or less after you've registered. If you have a problem with registration, contact the subject pool administrator as soon as possible.

REMINDERS:

Please first consult your course instructor or the course syllabus for the specific credit requirement for your course.

If you have two (2) Unexcused No Show's your account will be locked and you cannot sign up for any additional studies. An Unexcused No Show is recorded when you do not cancel before the cancellation deadline indicated on the study information page (specific to each study) or do not attend the study – you **MUST** cancel via your SONA account. Calling or sending an email to the researcher or the subject pool administrator **DOES NOT** count as a cancellation and a No Show will be recorded.

Once your account is locked you may attend any studies that you've already scheduled but you cannot schedule any additional studies. You **MUST** keep a record of the study information (date/time/location/number) since you will not be able to login to get this information once your account has been locked.

The Course Credit Subject Pool for Fall 2017 will open on Aug. 30th. It may take a few days at the beginning of the semester for studies to be posted. **The last day to participate in the Course Credit Subject Pool is December 14th.**

Studies are scheduled every day.

You **MUST** schedule studies via the website and attend only the studies that you schedule via the website and you **MUST** attend at the date/time that you've scheduled – **NO EXCEPTIONS.**

Online studies require the same sign-up procedures as other studies. You **MUST** complete the entire online study in one sitting; be sure you have enough time (study duration is indicated on the sign-up page) to complete the study before you begin. If you do not complete the study, an Unexcused No Show will be recorded.

Complete Subject Pool Guidelines are on the subject pool website (<http://www.psychology.illinois.edu/services/subject/credit/>). Please read the Guidelines so you will know and understand the importance of following the Guidelines. If you have questions after reading this information, please send an email to the subject pool coordinator.
